

Button Blast LED Flush mount two lamp kit

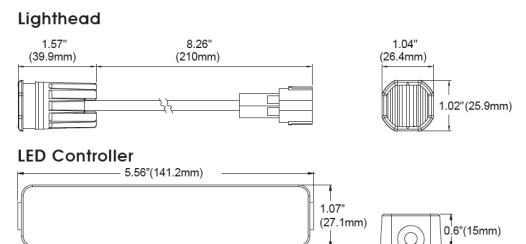

Its ultra-slim, low profile and flush mount design make the units perfect for covert applications, and enable you to transform the most innocent looking vehicle into a high impact police cruiser at the flick of a switch. It's also well-suited to a full range of amber applications, and can significantly increase visibility for a full range of vehicles. Weather and vibration proof, the competitively priced Button Blast is easy to install, and comes with 14 pre-loaded flash patterns to help you communicate with road users and pedestrians. It can also be linked with multiple units for increased impact.
